

# VLADISLAV NOVYTSKIY

Front-End Developer

novytskiyvladislav@proton.me | github.com/laddtnov | laddtnov.xyz

## ABOUT

Passionate Front-End Developer specializing in building interactive, visually stunning web experiences. Proficient in modern HTML5, CSS3, and JavaScript with a focus on creative UI/UX, animations, and responsive design. Currently expanding into TypeScript, Python, and Go for full-stack development.

## TECHNICAL SKILLS

<b>Languages:</b>	HTML5, CSS3, JavaScript (ES6+), Python, TypeScript (learning)
<b>Layout &amp; Design:</b>	Flexbox, CSS Grid, Responsive Design, Glassmorphism, Cyberpunk/Neon UI
<b>CSS Techniques:</b>	Animations, Keyframes, Transitions, Custom Properties, Media Queries
<b>Tools &amp; Platforms:</b>	Git, GitHub, Vercel, Netlify, VS Code, npm/pnpm
<b>APIs &amp; Libraries:</b>	Web Audio API, Canvas API, DOM Manipulation
<b>Learning:</b>	Go (backend), React, Node.js

## PROJECTS

### Interactive Solar System

[laddtnov.xyz](https://laddtnov.xyz)

A 3D solar system visualization with CSS animations, Fallout 3-style terminal interface, typewriter sound effects, and Web Audio API integration.

### Cyberpunk Book Tracker

[laddtnov.github.io/cyberpunk-book-tracker](https://laddtnov.github.io/cyberpunk-book-tracker)

Futuristic book tracking application with neon design, Fallout-style terminal interface, and reading progress tracking.

### Neo-Tokyo Times

[laddtnov.github.io/cyberpunk-newspaper](https://laddtnov.github.io/cyberpunk-newspaper)

Cyberpunk-themed newspaper layout using CSS Grid with glitch effects and neon aesthetics.

### Glassmorphism Product Page

[laddtnov.github.io/glassmorphism-product-page](https://laddtnov.github.io/glassmorphism-product-page)

Modern product landing page showcasing glassmorphism design, CSS Grid layout, and full responsiveness.

### GEA776 Project

[gea776.laddtnov.xyz](https://gea776.laddtnov.xyz)

Interactive web project with creative design and modern web technologies.

### Tribute Page - Gaudi

[laddtnov.github.io/tribute-page](https://laddtnov.github.io/tribute-page)

Newspaper-style tribute to Antoni Gaudi using Flexbox, typography, and vintage design principles.

## EDUCATION

---

### Self-Taught Developer

freeCodeCamp - Responsive Web Design Certification

Continuous learning through Exercism, personal projects, and open-source contributions

## LANGUAGES

---

Ukrainian (native) | English (professional)
